LIBERTY BELLS SCHOOLS

Badore Road, Ijoyi-Lekki, Lagos.

Dear Sir,

Date :

22nd October, 2025

FREE 2-DAY TECHPRENEURSHIP TRAINING PROGRAM

We are excited to introduce our Free 2-Day TechPreneurship Training Program, specially designed to equip secondary school students with essential 21st-century digital and entrepreneurial skills through interactive, hands-on sessions.

During this intensive two-day workshop, students will explore the world of technology and innovation, gaining practical experience in key digital fields such as:

- Data Science
- Artificial Intelligence (AI)
- Cyber Security
- Web Development

Participants will engage in real-world problem-solving activities and complete a mini industry-based project, helping them understand how technology drives creativity, innovation, and career opportunities in today's digital economy.

The program is open to both Junior and Senior Secondary School students, and comes at no cost to the school or participants.

Our impacts cuts across reputable institutions such as Covenant University, LeinadStudios, Syscomptech, Monument Future Schools, Kachitech Institute, and more. All dedicated to empowering young minds with future-ready skills.

We would be delighted to bring this transformative training experience to your school and tailor it to meet the specific needs of your students.

Thank you for considering this opportunity to inspire the next generation of tech innovators and entrepreneurs.

Yours faithfully,

TechBeatrice Solutions, SchoolDev Technologies
